Dear Kent:

As the Marengo Memorial Hospital renovation and expansion project nears completion, I have decided that I should write those people and companies that made this construction so beautiful and functional and express my own personal thanks and the thanks of all of our staff.

Your company has not only performed what you had promised in our contract but you performed the job with skill, decency and courtesy. And you performed the job on time which is certainly the exception rather than the rule!

MMH looks forward to working with you on future projects. We would be happy to recommend your company to others because we have been so pleased with what you have done for us.

Thank you from all of us here at Marengo Memorial Hospital.

Sincerely,

Genice Maroc, CHE
Chief Executive Officer
